Katherine Pangtay
Frontend Developer | UI/UX Designer

Experience

Nextech AR Solutions
Frontend Developer | 2021

- Developed for the live x team to create customized virtual events on the platform.
- Delivered a maintainable, performant, and user experience focused code.
- Wrote asynchronous code that interacts with real time content.

Very Great
Frontend Developer & UI/UX Designer | 2019-2020

- Led the bundle, upsell, and monogramming features that led to an increase in sales and traffic to the site.
- Designed reusable components in React and Javascript.
- Experienced building, launching, and maintaining Shopify stores.
- Also, Shopify's object/properties, AJAX API, and Metafields.
- Created user-flows, wireframes, mockups, and prototypes for various projects.

Break The Love
Frontend Developer & UI/UX Designer | 2019

- Redesigned initial website and designed partner portal.
- Created brand guide, user-flows, wireframes, mockups, and prototypes.
- Designed reusable components in React and Javascript; managed application state using Redux.

The Grace Hopper Program at Fullstack
Software Developer & Teaching Fellow | 2018

- Mentored, debugged, and taught concepts to students.
- Administered technical and behavioral interviews.
- Managed two student projects from ideation to deployment as team manager, technical mentor, and code reviewer.

Funimation (Sony Pictures)
UI Designer | 2015-2018

- Designed for internal projects and advertising components for hundreds of films and series licensed from partners.
- Created user-flows, wireframes, mockups, and prototypes for various projects.
- In addition to the redesign, expansion, and management of the Funimation streaming service and online store, other projects included social and paid media content, custom emails, landing page experiences and website skins – among others.

Ivie & Associates
UI Designer | 2014-2015

- Designed interfaces, iconography, websites, and mobile apps.
- Created assets, user-flows, wireframes, mockups, and prototypes for various projects.
- Developed interactive architecture and creative direction for marketing and sales collateral.
